SQUASH STUDENT ELIGIBILITY

T-Position Squash Camps welcome all juniors from ages 12-18 years old, from the novice to nationally ranked players.

WHAT THE STUDENT CAN EXPECT

A student's ability will be assessed in the first session of the camp and he/she will be placed in groups of similar standard. These groups will be monitored throughout the week and players showing great improvement will have the opportunity to move up.

The camp maintains a 2 to 1 student to coach ratio for all technical work, with a maximum ratio of 4 to 1 at all other times. Students will be given individual attention on court and in off court training. Prizes are handed out to most improved players and winning teams.

The topics that will be covered are technique, fitness and training, tactical awareness and mental preparation. We will be using video analysis throughout the week to aid us in all these areas.

In the evenings, fun activities are arranged both on and off the campus.
